

## PLASTIC WELL SEALS

- Allows for larger conduit cables and will have a consistent design for the entire line.
  - Heavy duty construction, made from UV stabilized ABS material c/w soft 3/4" thick Buna N rubber gasket and zinc plated hardware
  - All seals complete with grommet kit which have both round and slotted gaskets for twisted or parallel pump cables, produced from very soft rubber which compresses easily when the conduit bushing is tightened.
  - Option for a split well seals & stainless steel hardware available in all sizes
  - To order split well seals, please add the letter S to the Part No.
- Example: To order the split version of WSP40, please order as WSP40S. Please contact your Sales Rep for pricing.
- To order seals with SS hardware, please add the letters -SH to the end of Part No.
- Example: For Part No. WSP4010, order as WSP4010-SH or WSP4010S-SH (split c/w SS bolts).
- Please contact your Sales Rep for pricing.

Split Well Seal

4" x 2" with raised fitting supports

\*Note: The 4" x 2" well seals have raised supports which the drop pipe fitting rests on, this keeps the fittings above the nuts and conduit bushing making it possible to incorporate a 3/4" cable hole which is larger than any other 4" x 2" on the market.

### PLASTIC JET PUMP WELL SEALS - DOUBLE HOLE
